EXCERPT "The Elden Ring Cracked 2022 Latest Version. The ultimate instrument of power. The lifeblood of this land. The force that unites us as the six tribes of the Elden. This land and its people call for our might. Rise, Tarnished," said Kyouko, the daughter of the late King of the Elden Ring. She took up a large crystal goblet filled with a dark liquid. "Mettalize!" she said, banging the goblet against her stomach. Immediately, the goblet was gone, replaced by a black shimmering material. "Welcome, Tarnished," said a man dressed in duster-like clothing. His face was covered by a mask. "I am the heir of a humble mission," he continued. "The Nobility of the Elden Ring. I am Sorah D'Arrgin. The Spokesman of the Elden Ring." "I have heard of your noble deeds, and I have decided to accept your proposal," said Kyouko. "Of course, I am going to allow my father's people to have an equal say in matters of the land, as well as one of the six tribes." Sorah D'Arrgin nodded firmly. "I bid you welcome. Please lead on." Kyouko and Sorah D'Arrgin embraced, and right after, Kyouko's heart skipped a beat. She realized her surroundings had changed. All the darks of the room with a red glow filled her vision, and her nose smelt something hot and sweet. "Uh, aren't we still outside?" said Kyouko. "Indeed, even a man with a noble nature would not easily forget your kindness to my people," replied Sorah D'Arrgin. "But, I'm still here, aren't I? And, I'm still outside, right?" Kyouko had no idea where she was. "Yes, Tarnished," replied Sorah D'Arrgin. "I am forever in your debt, and I am glad to be part of the Elden Ring of the Lands Between." "Ah, yes. I accept your proposition." "Now, shall we discuss the details?" asked Sorah D'Arrgin. - THE OLD FANTASY ACTION RPG * Plural-forms words such as "people",
