An innocent school girl mistakenly caught up in the crosshairs of the underworld. Sengoku Otome is a role-playing visual novel featuring a story by Jin and music by Hyadain. As a school girl who happens to carry around a sword, you are approached by a mysterious group that challenges you to a battle to the death. With Sengoku Otome, Jin created a story revolving around the female character as the central character and depicting events to which the player is able to directly affect the story. The game is set in an alternate version of feudal Japan, where women wield swords just as men do. Key Features: • Original voices by Jin and Hyadain (Hyadain Original Soundtrack Vol. 1) • Character Design by Jin • Different Character Customization Options • Five different sex scenes: VR, 3P, 2P, P, 3P • Unique battle system with many possible endings • More than 12 unique roles • Customization of weapons, including hidden techniques for each weapon and spells • More than 250 CGs • MyAnimeList for users to create their own paths • Steam achievements and Steam trading cards

What's New in this Version: 1. The game is updated with the latest functions based on user feedback. 2. The game no longer uses points as currency; instead, it uses Google Play Cards, which you can use to buy and sell items and receive advertisements. 3. It is no longer necessary to change save points every time you want to change the main character's hairstyle, now. Instead, when you select a hairstyle you can instantly change the main character's hairstyle. 4. Added Steam trading cards for Steam players who have earned them. 5. When you try to use weapon/spell/recipe/etc. skills in battle, the trainer will now appear. 6. Added options to have the character appear in battle. 7. Added configuration options for multiple languages. 8. The launch time has been shortened. Customer Review: "Jin put his own life into this game, so it's meaningful to him. The setting is unique and the story is told without needing to change the main characters' hairstyles. There's a lot of variety in

gameplay and it's worth playing." (MyAnimeList) "This game is a good and interesting story. The setting is also great." (Fgment) "It's really different from other

Sakura Clicker - Hairstyle Pack Features Key:

Beautiful 2D graphic style
Addictive Skill Pop System
High quality sound
A great pastel wonderland
Easy to learn and have fun
Great sensual pleasure in combat
All main characters and tools with many options
Suspenseful Animation Style
Captivating story
Many unique and interesting Scenes
Multiroom multiplayer

Important Features:

- We haven't made many changes to the anime style shooter scene.
- If you choose to import your character and items in the old 2D form (changed in winter), you can still import in the new 2D form (changed in spring).
- We will not be doing any more "Lan Kou Hakushou" announcements, so do not get any matches in summer that you couldn't play before summer.
- We promise that our updates will continue.

Sakura Clicker - Hairstyle Pack With Key For PC (Latest)

Please note: By Unlocking the hairstyles for the main character, you'll be able to unlock additional hairstyles. By Unlocking the hairstyles for the main character, you'll be able to unlock additional hairstyles. We are unable to provide special characters (e.g. Tifa) unless you have already unlocked the hairstyle of your choice, so make sure you're set to unlock the hairstyles for the main character before purchasing the DLC. The DLC for Sakura Clicker - Hairstyle Pack includes the hairstyles for Sakura game characters and is not exclusive to this DLC. The DLC for Sakura Clicker - Hairstyle Pack includes the hairstyles for Sakura game characters and is not exclusive to this DLC. The DLC for Sakura Clicker - Hairstyle Pack includes the hairstyles for Sakura game characters and is not exclusive to this DLC. The DLC for Sakura Clicker - Hairstyle Pack includes the hairstyles for Sakura game characters and is not exclusive to this DLC. - a new Sakura-chan character with new hairstyles that changes the playability of the main character, but you'll need to unlock them first - new hairstyles for the main character, with two options for each - cosmetic rewards including new CG, a wallpaper and an icon Meeh, no new DLC content, but a new playable character! One of the main reasons why I had planned to do a Sakura Clicker game was because of the character! For this content, we made a new DLC with new hairstyles for Sakura. The content will contain the new playable character, but you'll need to unlock the hairstyles first. The hair is fully customizable, though it doesn't have the hair mesh available, meaning the amount of ways you can customize it is limited. But it's not a bad thing! The more ways you customize the hair, the more options you get to make unique poses with the hair! There's two options of hairstyles for Sakura. If you're a fan of manga-style hair, then you'll want to unlock the Maeko Hair. If you prefer pink, then you should go for the Machiko Hair. So what are you waiting for? Get to unlocking!..... Check out the Sakura Clicker - Hairstyle Pack page! Features: New Character - Sakura-chan - playable character, including new hairstyles that changes the playability of the main

What's new:

Sakura Clicker - Hairstyle Pack Here is a Sailor Moon inspired Cartoon Mix n' Match hairstyle game for you! You'll

have to recreate Eri's hairstyle in the cutest way possible. You'll also be able to match the portrait of the chosen character to have them fit the pose you've done. Enjoy! This is my first game, so please be gentle: * I would like to draw more cheerful characters for Sakura Clicker. But I'm not good at drawing those lol CHARACTERS You can click on this logo to pick them! Romantic - Sailor Moon Sweet - Sailor Moon Alice/Lunar - Sailor Moon Eri - Sailor Moon Orchid - Sailor Moon Pororo -YuruYuri Soso - Samurai Shodown Aoba - Inazuma Eleven LEVEL Here are the levels you'll get after you've beaten five characters in the HoReCa! You have to buy all the hair-dressers to avoid failing any of the levels! CUSTOMIZE You can change the cut, ponytail, and hairstyle of the creatures you can select to customize them, or reskin them for free in order to make them fit the style you've created. You can also change the hair-dresser's hairstyle to a related one with hair physics for free! You can use the simulator to test out your style. GAME ON!
